Quarantine & End of School!!!

We were having a great year with Next Gen going into the high schools. Our greatest success has been in Bonnabel high school where some of the students come to our youth group. We have also had a lot of success at Destrahan as more students were coming to club in bringing friends. We were in the high schools the first two weeks of March and then the schools were closed. That is when the quarantine began and we close down the programs at church also.

Now we had to figure out a way to keep in touch with the youth & continue ministering. Nate, our youth minister, decided we were still going to meet on Wednesday night but now it would be virtual where we meet online. The first 20 minutes Nate gives a message. Then we go live with all the students. We usually have a live challenge for them to participate in. It has been very successful and we have been running as many students as when we met live.

Long before Covid 19 we wanted to fix up the youth room. It needed painting and the floor was in sad shape with old square tiles. One of our church members owns a flooring company. He agreed to get us all we needed at cost. Another member

agreed to pay for the materials. So, with the quarantine, it was a perfect time to do the work. Nate replaced ceiling tiles and also replaced florescent lighting with LED lighting. The whole place was completely repainted.

So, in the past few weeks we had been working on replacing the floor. We have most of the tile laid and all we have left is tiling the bathrooms and the kitchen. It really makes the place like a totally new facility. When the youth get back they are going to really be surprised.

The only part of my ministry that didn't shut down was my radio talk show. I host a radio talk show every Friday at 4 PM on WSHO, AM 800, the local Christian radio station. It is considered an essential operation. With everything concerning Covid 19 and all the miss information and contradictory information the phone lines have been burning up. Even more important, because of what's going on, there seems to be a more seriousness about Jesus and the end times. I've had more chance to share the gospel in the past month.

Please pray that God will continue to open up more opportunities to share Jesus.

What Is Going On!!

One of my most interesting ministries is my radio talk show, the Current Word, on WSHO 800 AM. What makes it so interesting is that I get to hear what people are thinking about on a regular basis. This is kind of unusual, but I want to share what many people are talking about.

Many of the people who call believe that the Covid 19 virus was made in the Chinese lab and was purposefully released in the hopes of damaging the United States and taking lives all over the world. The people behind it, including China, are all globalists and believe that the world is overpopulated and all the people are using up all the resources and polluting our planet. They want a one world government to control population and it is the United States and Donald Trump that is standing in their way.

Donald Trump is not a globalists, he is a nationalist and has taken every step to dismantle globalism. That is why they tried to get rid of Trump from day one. Now their goal is to keep Trump from being reelected. Many of the people I talk with believe this is what is behind the release of Covid 19. It began in Wuhan, China which is also where many of our tech companies are located. That would ensure it's transportation to the United States. Once here it started spreading.

It went pretty well unnoticed even though Trump brought it up in his State of the Union message. The news organizations, who are mostly owned by globalist, never reported it. The news of the day was Nancy

Pelosi bringing impeachment charges against the president. Then she held it a month before she sent it to the Senate. Why would she do this knowing the Senate would never convict him because the majority of the Senators are Republican. It was to allow it to spread unnoticed. In no, time it became a worldwide pandemic with predictions of the virus killing millions of people. The fear was enough to close down the country in order to fight the virus. The same ones who have no problem in killing unborn babies now saying every life matters. Everything was driven by fear.

Many people I talk with believe the quarantine was enacted for three reasons. Firstly, to damage our economy. Everyone knows Trumps record was the strongest on the economy. Secondly, they are hoping to keep the country closed till the election so they can have mail-in ballots. That is one of the easiest ways to stuff the ballot box with false votes. Thirdly, they can have a vaccination and make it mandatory that everyone takes it. Bill Gates, who is working on this, is also working on a way to vaccinate people with nano bots so you can track people. This will be done under the idea of knowing who has a vaccination and who doesn't.

In Revelation, it talks about a world leader which is the Anti-Christ. It also talks about everyone taking the Mark of the Beast in order to buy & sell. These are scary times we live in. These next 6 months and the next election may be the most serious times for us & our nation. If your heart is not right with Jesus, you need make Him your Lord & Savior. Also, plan to vote.

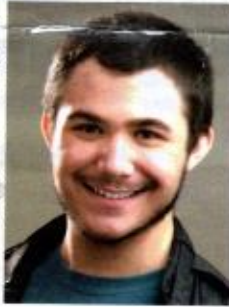

My Health!!!

Since I had my prostate removed, I have been doing great. I sprang back to myself in no time and are doing all the things I did before my operation.

I have been locked down along with Jacob during the quarantine. We haven't gotten the Covid 19 virus or even been exposed to anyone that has. We practice distancing, hand sanitizer, and washing our hands. I'm being very cautious since I've just come off a major surgery. Please continue to pray for our nation to be over with this pandemic.

Jacob!!

In the past year, Jacob has suffered from severe anxiety and depression, so I got him a counselor and he decided he needed to see a Psychiatrist to be put on medication. His 1st medication didn't work but his new medication seems to be working. With the quarantine, Jacob hasn't worked. His work is back and that has helped him. Please pray for Jacob.

Rareables!!

My good friend, Karl Olinde, was very instrumental in helping me sell some of my collectibles to help me with my finances. He set up a website called Rareables.net. If you are interested in collectibles please look at the site. Thanks.
