

Servant Heart Nepal

Evangelism News- June, 2020

Greetings in the precious name of our Lord Jesus Christ. I pray you and all your family are safe and protected from this pandemic. We had a challenging period throughout the month of June but the grace of the Lord has guided and protected everyone in the Servant Heart family. Though we are still in lockdown we were able to share the message of salvation to the people in and around Western Nepal. I am glad to share with you the activities of the mission of June.

COVID-19 Relief Efforts

Nepal is currently in 16th week of full nationwide lockdown. Lockdown is killing poor and needy families day by day in rural areas of Nepal. As COVID-19 continues to spread throughout the country, Servant Heart Nepal has concentrated on relief efforts. Over 600 families that were given relief kits that provides food for a family of four for four weeks.. When the shutdown happened, some many people including our churches leaders and believers weren't able to earn money. If they're unable to earn money, they're not able to eat.

We are thankful that we can show and share the Love of God to those around us in need. These relief kits have just provided so much on the humanitarian side of things. But it's also enabled us to really show the Gospel. I say many of the relief kits contain a declaration of the love of Jesus. Thank you for your precious timely support. We continue to provide relief kits throughout the remote Western Nepal during COVID-19, but also continue to proclaim the Gospel.

Changing Hearts in terrible time

Praise God that we have been able share gospel to numerous people living in and around Western Nepal. Some of them put their trust in Lord Jesus Christ and accepted Him as their personal Lord & Savior. We thanked God that we were able to conduct water baptism. 9 people were baptized who have put their faith in our Lord and savior Jesus Christ in various places. God rejoices when His people come to Him like a prodigal son. No matter what, He always loves us so much.

God Heals when we put our trust in Him

Last month, one of our leaders went to visit his uncle's home because his uncle was very sick and suffering of Paralysis from several months. When they met him they encouraged him that he will get well very soon in Jesus Name. Jesus is healer, if you believe Him, you will get healing amazingly. The he shook his head to believe in Christ. Then our leaders both brothers started to pray for his healing. Immediately, he stood up and walked. He is aged of 75 years. He got healed. What a amazing! We thanked God together for his Healing, Few hours later; another very sick man heard about Matuk's healing. His name is Kapil. He went many times for his check-up but had no any improvement in his body. He shared about his own pain and problem because he was tired from the sickness. Our leader told him that God can heal you, but we can't. You need to trust God for your healing. Kapil told that I made commitment to give cock to Hindu god and goddess. But nothing is improving in my life. I am tired. I want to receive Christ and pray him for my healing. So they prayed putting their hands in his head. They prayed regular up to 3 days after that he got healed. His face was happy looking. He is 45 years old. Now he is well. They are meeting him time to time and encouraging him.

God is moving through our film ministry outreach

Today, the film ministry has become of the most influential and effective way of sharing Gospels to those who cannot read Bibles. Projecting Jesus in the distant villages and Himalayas we seeks the most convenient and comprehensive way of outreaching and Gospel sharing. Out of many techniques executed for better result, Jesus film ministry has always been the most effective measures applied in different remotest villages of the Himalayas, when it comes about evangelizing the uneducated and linguistically differing people. These days since everybody are in lockdown inside people are free so our leaders are using digital technology to reach out their surroundings neighbors. We usually use battery operated DVD and a Jesus movie is displayed through it. We have abundant testimonies of people crying, being touched, and accepting Jesus immediately. This last month more than 17 people have accepted Christ the Lord as their personal Lord and Savior through this ministry. **The harvest is ready, laborers are ready we need your prayers and support in buying digital equipments and providing tools for our native leaders. Please help us to buy more tools for our leaders in various parts of Nepal.**

Prayers Points

- ⊕ As this ministry continues, pray that many would embrace Jesus as their Lord.
- ⊕ I am praying for a motor bike to make my evangelism efforts more effective and reach distant places timely, at times attend different places on the same trip, giving fellowships and taking care of believers in emergencies. Please help buying motor bike for ministry.
- ⊕ Please help us sponsor our church planters and leaders monthly.
- ⊕ Pray for our upcoming Vacation Bible in Sept-October.
- ⊕ Pray and help us provide food during this pandemic situation.
- ⊕ We are praying for the construction one small church building of cell church. We have our land and now we need financial support for building.

We are immensely thankful to our Lord and your gracious prayer support. Please continue to pray for our churches in Nepal and help us to fulfill Great commission in Nepal.

Together for His Kingdom
