

Summer 2021

Dear Family and Friends,

We are so excited to be getting back to a "normal" summer schedule of ministry! Last year we were only able to conduct 2 Bible Schools, but this summer there are 6 Bible Schools and 2 weeks of camp on the schedule! Victory Church of God VBS is new this year as well as Tree Top Bible Camp in Missouri. We are really looking forward to seeing what God has in store for the summer. With such a busy schedule - especially in June- it will really be very physically challenging. Please pray for the Lord to give us supernatural strength and energy. As we progress through the year, we pray that the Hispanic labor camps will open up to our usual outreach at the tomato farms in late summer and early fall. We also anticipate the schools opening again to the special programs near holidays. It feels so good to start again with the ministry we have missed during the COVID months. Please pray for these doors to all open once again and for the Lord to open our eyes to see new opportunities for outreach.

"Family News"

A lot has been going on in the family lately! Karen and John are leaving Colorado the second week of June to move to Maryland because John will be stationed at Joint Base Andrews near D.C. God has led them to a house in an area where there seems to be good therapy nearby for Khylei. (Please continue to pray for healing for her emotional problems.) It will be really nice to have them closer to home! Kristi and Adrian are planning to move to East Tennessee this summer. They still need to find a house (very difficult right now) and sell their house in Mt. Juliet. It would be so nice if they could be close to home again! Their girls visited with us recently, and it was so nice to be with them. They are both growing up way entirely too quickly! Nick and Allie were able to spend most of Memorial Weekend with us and were even able to go to church with us. What a blessing that was! Their babies are growing like weeds!
