

Dear praying friends,

We hope this update finds you well.

September has been a busy month, with kids going back to school and new chapters of movements like Alpha and o Jardim starting again.

Kids are well settled now and we would love you to join us **praying for all the children in our community to grow deep in the knowledge of the Lord and not be ashamed of the gospel!** (they are a minority in their schools and face difficult situations).

Sundays have been sweet as always and during October we are focusing on the Protestant reformation. Because our community is very new to faith they really don't know what is the reformation about. **Pray the Holy Spirit helps them understand.**

Please keep praying for the families: Tomás and Mafalda, José and Vera, Paulo and Anita that the Lord restores, heals and empower them with His holy Spirit to be a light in their communities.

Nuno, Ulises and Verena are involved in starting a Bible course for those who completed the Alpha course and desire to go deeper. At the moment there are 39 people enrolled, all coming from catholic faith. **Please keep them in your prayers, that the Lord guides and protects them and gives them wisdom to facilitate this. Pray also for those attending, that they may come to saving faith in Jesus.**

There are no words to describe the first meeting of "o Jardim". Women are studying the attributes of God, they have verses and questions to meditate on over the weeks. When they meet they have small group discussion, and the sharing was deep and personal. The presence of the Lord was evident. The peace that filled the room brought women to share truth and love one another. **Keep praying for these women, so new to faith, to keep growing their roots deep in God's word.**

(from left to right: Marjorie, Verena, Gila, Daniela, Vera; Anita, Lucinda, Mafalda)

In His strength,
Nuno, Gila, Leonor and Diogo
