

Dear praying friends,

We hope you are doing well. We thank the Lord for you as you support and join us in what He is doing here in Viana.

We are very happy to share that the formal registration process of a Casa has come to an end. We are now an official Christian community in Viana. We praise the Lord because we know He is going ahead of us in everything, opening doors that no human hand could.

Every week, as we see people joining (here at home or on facebook) we know the Holy Spirit is

bringing them closer to the Father. Our informal setting puts people at ease to share doubts, struggles and we can testify of an increasing desire to know the Lord and walk in His ways. Will you keep praying for everybody we have been mentioning in these newsletters? **Pray for a new personal encounter with the Holy Spirit, for revelation and discernment, for a love so deep for Jesus that circumstances fade in His light.** We talk about circumstances as many face hard times, so more practically you can pray for:

- Anita - praise for the surgery that went as planned. Pray for full recovery and healing.
- Lucinda's son (Rafael) - praise for no injury after a serious car crash. Pray for the Lord to touch his heart.
- Tomás - praise for his joy in coming and even joining worship playing the cajon.
- Mafalda- praise for the way the Lord is using her to be light at her children's school. Pray for more boldness and courage.
- Vera- praise for the courage to stand firm in her faith in Jesus. Pray for the Lord's covering as she faces darkness every day. Pray also for clarity as she is the one sharing at the women's meeting this Saturday.
- Marcelo- pray for his back healing.
- Gila- pray also for healing for her body as she struggles with urinary tract infections.
- Women's meeting (o Jardim) happening Saturday 6th of November- pray for the Holy Spirit presence, softening women's hearts and giving them understanding.

Remembering what Paul writes to the Colossians, pray for us as leadership, to be the servants the Lord commissioned us to be, to present to those around us the word of God in its fullness. May we proclaim Jesus Christ, with boldness and courage. Christ is us, the hope of glory.

In His strength,
Nuno, Gila, Leonor and Diogo
