

A very festive edition of Pinkerton Place

2021 included travel and more! We are thankful to the Lord for guidance, protection, and good health.

Ministry found us involved with B1-2G ministries around the world through video meetings, traveling cross country and into Canada while serving 52 missionaries.

We said goodbye to Mary's assistant of 6 years and we will look for a new one in the new year. Mary facilitated break out groups for the Global Diaspora Summit and we attended the Missio Nexus Conference for Mission Leaders.

Be One Together ministry takes place in Brazil, Dominican Republic, Germany, Liberia, Mexico, Nepal, Portugal and the United States.

what a year it was!

It's the perfect time to look back at our most memorable moments.

serving with BeOneTogether.com

in the New Year!

The Next Generation

Spending time with the next generation blessed us.

Angel and Elijah are students at Corban University (Christian University). We were privileged to minister with both sets of parents (Angel and Raquel Torres and Noe and San Juana Pequeno) as single adults. Seeing their children, the next generation, studying to serve God blessed us.

Those who stood with us in ministry are shareholders in these young men's lives as well. God's Word continues on!

Family

Jaramie, Debby, Elijah and Isaiah Fellows live in Utah where they are church planters. We enjoyed a week of vacation with them in Arizona.

Curtis, Rachel, Noah and Hannah Rhoadarmer live in Indiana and are in church ministry. Hannah and Rachel visited in July and the whole family were with us for Thanksgiving.

Ralph Pinkerton - This year we said goodbye to Mike's dad, age 98. Mike had a really good week caring for his parents and 2 months later Dad graduated to glory. His parents had been married 75 years and 7 months. A memorial fund has been established at Be One Together in his honor.

Thank you for standing with us in prayer and financial support. We continue to raise our support and do not receive a salary from Be One Together. We almost made our support level this year. We are excited to see how God is meeting our needs and the needs of the mission.
