

Dear praying friends,

On our March women's meeting we were a nice group. Some of the women that were not coming for some time showed up, also a non believer (Sónia) who brought a muslim (Mahmudah) with her! Thanks for praying! The ways the Lord works are truly a mystery, but what a joy it is to be part of His work here. As we talked about our merciful and gracious God, the conversation and sharing in the small groups was very real. Lucinda (third from the right) continues to give testimony of God's love and grace for her as she remembers how He healed her back 9 months ago (she had been on painkillers for years and working was very hard).

Continue to pray for the women, to grow in intimacy with the Father and especially for Sónia (first on the right) and Mahmudah (between Vera and I), that the Holy Spirit continues the work He has begun. Please pray also for us leadership (Marjorie, Vera and I), for wisdom to speak the truth in love.

The book club had its first session, and it was a blessed time! Marcelo is leading this, and they are reading a book based in Ecclesiastes. Only the youth from church attended, but there is a willingness from others to join. **Please pray for the Holy Spirit to bring those He chooses, and that they all can grow in knowledge and intimacy with the Lord.**

Please pray also for the following needs:

-Brasilina's health - as she has not been well since she came back from Canada.

-The Grace course- we are resuming Friday the 18th, with two

separate groups (one in Marcelo's home and the other here). Pray the Holy Spirit teaches us.

- The Romans study - starting soon with a group of catholics. Pray for the team as they prepare, especially Nuno who is leading this.
- Rúben - who is going through a tough season at work and is experiencing some anxiety.
- For those affected by the conflict between Russia and Ukraine, for those who mobilize to rescue, for tenderness and generosity as needs arise.

In His strength,

Nuno, Gila, Leonor and Diogo
