

## Summer Is Here!!

In May the students were finishing up this school year. Since Destrahan high school allowed us to come on campus doing lunch to play games with the students and talk to them, we did this up to the week the students had their final exams. We were running over 100 students a week.

Since school was out, we had time to do other activities. We brought back Funday Mondays where we've met every Monday

night for different games. We have already done dodgeball, kickball, and volleyball. One of our students each night shares their testimony. It has been real successful.

The Collective, our college and career Bible study is doing really well. We finished up the life of David by going through I and II Samuel. We decided to switch things up and do something a little different. So each week we watch one of the episodes of

"The Chosen". Most of the students have not seen these episodes but all said they wanted to. Jack, who is our worship leader and leads this group on Sunday morning is also leading the discussions for the Bible study.

The fourth week of June we held our Vacation Bible School. In the past, we had one of the best VBS around. But for the past

two years, like everyone else, we didn't have one. But we pulled off this year and it was really great. I'll tell you more on the inside.

Most of you know that I do a call-in talk radio show on WSHO AM 800 every Friday at 4 PM. It's called the Current Word where we look at current events from a biblical perspective. Needless to say, with all the chaos going on in our world people are scared and are wondering if we are in the end times. In fact the day they announced the verdict on Rowe V. Wade we let the show run an extra half an hour to deal with all the questions. We are indeed living in exciting times. If you want to, we stream the show.

Please continue to pray for me.

## Vacation Bible School!!

Vacation Bible School was always one of the outreach programs of our church. Some of our church members would take their vacation that week just so they could work in VBS. Because of the pandemic we were unable to put on VBS the past two years. So everybody was ready.

The church we are partnering with, Covington Baptist, had their VBS before us so we got all their decorations and supplies. They also came over to help us with the music and games.

Our youth minister, Nate and myself always did the fifth and sixth grade class. Nate would do the Bible studies and I would do the mission presentations since I have been around the world doing missions. This was done a few years back when we noticed the fifth and sixth grade students thought the rest of VBS was kind of childish for them. So, we geared it closer to what we do with the youth group. They loved it.

There was so many games and activities but we made sure these children heard the gospel. As a result 14 children prayed the prayer to put their trust in Jesus. That is really great considering that most of the children already go to a church of their own.

## The Collective Bible Study!!

We spent the first half of May finishing up II Samuel in the life of David. A lot of the students have never seen the series "The Chosen" but had expressed they would have liked to. So we had been working our way through the first season. It's turned out to be a big success and I think more students will

be coming to it this summer.

Jack, our worship leader also teaches the college and career class on Sunday morning. So he has been handling the discussion after each episode.

Please pray for this group because it is hard to keep them coming. But this is a crucial time for their life with Jesus.

## Roe v. Wade!!

.On Friday the 24th I heard that the Supreme Court overturned the Roe v. Wade decision and I began to weep. I never thought that I would see this decision in my lifetime. Since 1973 when the court legalized abortion over 300,000 babies had been aborted.

All you hear from the opposition is about a woman's right. The one thing that is always left out of every conversation is the babies right. In 1973 when the decision was made, the baby was called a fetus in the attempt to make the child in the mother's womb not a child. Not only is the baby a child but it is able to feel pain. An abortion is one of the most painful ways to terminate a life. One method they use is chemicals that literally burns the baby. Another method is the suction method where they go in and literally suck the baby out of the mother's womb and pull off its arms and legs. The baby suffers through all that. In a partial-birth abortion they allow the head to come out of the mother, go into the soft part of the skull and suck out the brains. They put the baby back in and then pull it out by its feet, dead.

The decision by the Supreme Court will end the torturous murder of thousands of unborn babies. These are the most innocent people in our society and if we don't protect them, who will. The Globalist believe that there are too many people in the world. By eliminating them before they are born will help in eliminating them as adults. These people think they are elitist and they have no problem killing others including you and me.

## PRAYER REQUEST

- \*For our **President** and our **country**.
- \*For **Bob's Ministry** and his **Support**.
- \*For the **Students** in **Bob's Ministry**.
- \*For those whom **Bob Counsels**.
- \*For the **Current Word**, radio talk show.
- \*For **Bonnabel & Destrahan** high schools.
- \*For **Be One Together**.
- \*For **Jacob** & his walk with God.
- \*For all the **Youth** in bad home situations.
