News from the Tyas family
Serving in WA among the Hispanic community
October 2022

From the Notes of Ed and Gerry...

Dear friends and family,

Planning...That is what last month and this month up to this point have been like. It is exciting planning this fall because this year there seems to be more freedom in opportunities than last year. Gerry is helping out with two of the CEF (Child Evangelism Fellowship) Clubs in our county. These are focused in the Hispanic community. One is at an apartment complex that has been meeting for the last three years and seeing good results and another is connected with a Hispanic church. What great opportunities.

Visiting in families homes is continuing as work slows down in the fields and much opportunity is found to pray and read God's Word with them. We ask that you pray for God to direct us to "God connections" in which He is working. We know that there are many places and situations in which people are searching for God (whether they realize He is the one they're looking for or not), and we would like our Lord to connect us with the people we could be used to reach with the hope of the Gospel.

Please continue to pray for the families we have known for a number of years. Some know the Lord and others show no indication of a desire to follow Him. We long for them to realize their need of Jesus Christ's salvation, and to grow in a living relationship with Him.

Some situations we see God working in special ways but in others we just don't know. God knows and as prayer is sent to His throne He works in these situations. Please pray as we see opportunity that God would open doors and go before us.

PRAYER AND PRAISE

*For fall opportunities in one on one Bible Studies and Children's Bible Clubs...that God would work in special ways in people's lives.

* Praise for more opportunities and prayer for the wisdom in following where God would have us go. Some opportunities we stand before, God wants us to just pray and some He wants us to enter. We ask that God would give us the wisdom to know the difference.

* We are considering further training in working with Indigenous people from Mexico and Guatemala. Pray that God would give us wisdom in this venture.
