

Dear praying friends,

Happy New Year!

We hope you had a beautiful holiday season with your loved ones. As a family, we had a busy and joyful season with family visiting. In the photo you can see my parents and one of my sisters, with her two babies and her husband. We are so thankful for God's faithfulness towards our family.

As a church we had a wonderful Christmas celebration. Almost everyone came and also family members that usually don't come on Sundays, were there too. The children sang a few hymns, we had testimonies, bible reading and the gospel of Jesus Christ proclaimed with clarity and love. There is a short film prepared by Leonor. **Pray with us for those who heard the good news!  
That the Holy Spirit works in their lives to bring them to the feet of Jesus.**

We believe 2023 to be a year full of the Lord's glory. **Pray for our family and for those who join the church, to be rooted in His truth and love.** As we grow also in number, **please pray for wisdom for the next steps to take.**

We pray the Lord blesses you abundantly in this new year. May you rejoice in the truth that His kingdom is advancing on earth and you are part of it!

In His strength,  
Nuno, Gila, Leonor and Diogo
