Serving in WA among the Hispanic community
MAY 2023

From the Notes of Ed and Gerry...

This has been an interesting year so far. We are now coming to the end of Bible Clubs that are held each year. One is a Bible Club connected to a Hispanic church and the other one is with CEF (Child Evangelism Fellowship) in an apartment complex for agricultural workers. What wonderful Clubs they have been this year with a lot of eager kids ready to hear about God and his love for them. In fact we may continue one Club for this summer, after a short break, as the kids begged us to come back last summer and have Club. The program of visiting families in their homes is going well.

This summer will probably look a little different then many in the past as we do not have the same contacts but we have new ones and we want to try out new ways of connecting with others. We need your prayer support as this summer unfolds and as we continue to connect and share with others about God's love for us.

This last January we were able to travel to Mexico and work with Gospel Recordings Mexico in an Outreach Project. We were there for two weeks of a month long Outreach. Their outreach was to go into Agricultural Camps around Culiacan, Mexico with Children's Programs and others going door to door inviting adults to the Evangelistic Movie that night, asking for Prayer requests, and transferring translated Biblical Stories and resources in their Indigenous language from our cell phone to theirs. We were on a team going door to door. Here are some statistics from the month long outreach. This was a very profitable trip.

Indigenous Languages and Variants found-----95
Agricultural Camps Visited-----53
Home Villages Encountered-----305
Participants.....71
100's of transfers (from our phone to theirs) of Biblical Materials in different Indigenous languages and variants.
