

Dear praying friends,

Thank you for praying with us and for us! These have been exciting times. Our meetings have been flooded by the presence of the Lord and He is taking us into deep waters. At women's meetings we spend most of our time together praying, meditating on The Word and praying for each other. As we do that, the Holy Spirit works in each woman in a very special way. We are witnessing confession of sins, repented hearts, and the healing balm of the Lord. We have been experiencing this also with a very small group that gathers to pray on Wednesdays:

**Miguel, Lili, myself, Nuno, Leonor and Daniel** (Lili's husband) gather to sit in the presence of the Lord. The fruit coming out of this is beautiful. This small group has been coming earlier on Sundays too. Our church meeting starts at 4pm and we have been meeting at 2.30 and pray. Nuno and I feel so encouraged to have others alongside us to do this work of prayer. We are reminded of Nehemiah who prayed for months and after that went and rebuilt the wall in 52 days! **Pray for this small group to be faithful to the work the Lord called us to do, to persevere, to allow Him to prune us and make us columns in His temple.**

Church meetings have been full. As you know space is a problem and most Sundays we have people sitting on the stairs and floor. But the Lord has not been leading us to find another place. Instead **He is leading us to pray for those who are coming, to pray for the spiritual building He is putting together. Join us in this prayer! May we do everything as He wills!**

**Please pray for Leonor, as she is in a critical decision making time. Pray she follows the Lord's guidance!**

In His strength,  
Nuno, Gila, Leonor and Diogo
