## Sharing Christmas Blessing

Winter 2025

This Christmas season, our church community lived out the message of Christ's love through two acts of service that touched many hearts.

### Cell Group Blesses Neighbors

One of our cell groups came together in the spirit of generosity to collect and share Christmas gifts with neighbors in the city of Mercedes. Each visit was filled with warmth and gratitude as families received holiday greetings and thoughtful presents. In several homes, members also had the opportunity to pray with neighbors, offering encouragement and reminding them that they are known, valued, and loved by God.

### Children's Choir Shares the Joy of Christmas

Our children's choir brought the light of Christ to a local nursing home by filling the halls with beloved Christmas carols. The residents' faces reflected pure joy, especially Maria, a quadriplegic woman who is unable to speak but expressed her happiness through radiant smiles and emotion. The children concluded their visit with gentle hugs, leaving behind hearts uplifted and spirits renewed.

Through these moments of service and fellowship, our church shared the true meaning of Christmas Christ's love in action, bringing light, hope, and peace to others.

Thank you for your prayers and support.
