Starting With A Bang!!

It is not hard to see why Louisiana has so many automobile accidents especially in the cities. Within two months Jacob and I were in automobile accidents where our cars what totaled, neither one being our fault. Jacob's accident was settled and then we set out to get him another call. I had a friend in Pennsylvania that had a 2006 grand Marquis. He not only sold it to Jacob for a real good price, but he drove it down here from Pennsylvania.

My accident happened on Sunday morning while I was bringing Mr. Sal to church. I am Sal's deacon and bring him to church on Sunday morning. We were stopped at a light and when it

turned green I started to go across the highway. I didn't

even see the truck coming and this gal T-boned me in the front of my car. She took the front part of my car off and she

ended up halfway down the block. If I had hustled across the street she would have hit me in the drivers seat and I would be dead today. As it was the only real damage was to my car not to me.

Mission Trip To Hungary!!

The first week in July was the beginning of our mission trip to Hungary. Cameron & Jen Phillips were our host. They met Boyd Guy, our trips director, years ago at the Seminary and they met our pastor Jeremy, overseas. We were serving a Roma community about 1 hour outside of Budapest. The Roma people are more commonly known as Gypsy. We did VBS, Vacation Bible School for 2 churches. At each church, we did songs, play games, crafts, music, and taught a gospel message to each group. The last evening, we showed videos of VBS, Pastor Jeremy gave a message, and we gave them dinner. Jeremy also preached at each church on Sunday.

Hungary Mission Trip!!

We were working in an area about an hour from Budapest. It was primarily made up of Roma people, known as Gypsies. We did a Vacation Bible School for two different churches. At each church we started off with songs, and some games to

kick the VBS off. We divided the youth by age and ran each team into different groups. One was crafts, another was music, another was games, and another was teaching them the gospel. There were

brakes for snacks and lunch. We would end up each day with more games and snacks. The last day we closed up with a program for the parents showing slides of the weeks events. Pastor Rodgers gave a message and we served dinner to everyone. Pastor Rogers gave the massage for each church on Sunday.

On each Saturday we visited Budapest and some castles which Hungary is known for and learned its history. It was a successful trip.

God Blesses Us!!

Before I went to Hungary another driver ran into Jacob and totaled his car. It wasn't Jacob's fault but now he had to find another car to replace the one that was damaged. A decent used car is hard to find. With the settlement it meant he had to have an older car or one with a lot of miles on both. I have a friend in Pennsylvania whose name is Jim Nichols and called me and told me he had a car for Jacob.

He even agreed to drive it down here and take a rental car back home. I was so amazed of the thoughtfulness and generosity of this friend. It was a 2004 Mercury grand Marquis. These cars were made to last and was truly a gift from God.

And you saw my car on the front and like Jacob's it was totaled. The day of the accident I was asked if I was hurt and I said no. But that evening my leg was killing me. So I

went to the doctor and she said it was probably structural and was connected to my arthritis. She gave me a shot in my knees and arranged for me to have a stronger shot in two weeks. My nephew sells cars and got me a great deal on a Honda CRV. So, for now I'm waiting to see about my knees

Jacob & Arianna!!

Jacob is the guy that I've raised for the past 14 years, half his life. He recently fell in love with Arianna and on Valentines he proposed to her. Arianna was born with some physical defects where she can't digest her food and doesn't have lymph nodes in the upper half of her body. In 63 days before his birthday she was hospitalized. Other infections were healed and they released her from the hospital. But she was only out for three days before they put her back into the hospital. She's been back in this time for three weeks. I am asking for you to put Arianna on your prayer list. We are so thankful that the doctors are able to treat her infections. My prayer is that the doctors will discover some way that she will get her natural immunity back. Thanks for your prayers.

My Health Is Good!!

Doing this summer I saw a lot of my doctors for routine checkups. In each of my doctors said I was in excellent health. It's been a year after I had my cataract surgery and my doctor said my eyes are in wonderful health. My primary care doctor said that I'm also in good health. My knee Dr. said my knees are doing good. I still need to have my colonoscopy and see my heart Dr. This November 30 I will be 79 years old and I am so thankful. Please continue to pray for my health and my ministry.
